Material UI kit

Dashboard Wireframe Kit for Sketch

Start your web project right with Material kit, made your wireframes or prototypes easily and faster. Simple wireframe kit with all the elements that you've ever wanted

[Free Download](#)

The dashboard wireframe includes a header with a search bar and navigation icons. Below the header are two charts: a line chart with data points and a bar chart with categories 700, 1600, 1800, and 300. A sidebar on the left lists tools like Contracts, Goals, Charts, Machine Learning, Analysis, Events, and Subscriptions. To the right is a table for managing users, showing columns for Full Name, Email Address, Role, Created, and Status. The table has 5 rows of sample data.

The login wireframe features a header with a logo and navigation icons. The main area contains a "Welcome back!" message, email and password input fields, and a "SIGN IN" button. Below the form is a link to "Forgot your password?".
